

2) gencode algorithm §9.10

↑  
implementation for Intel Assembly  
IA32

## 1) read/write

↑  
scanf / printf

## 0) empty program

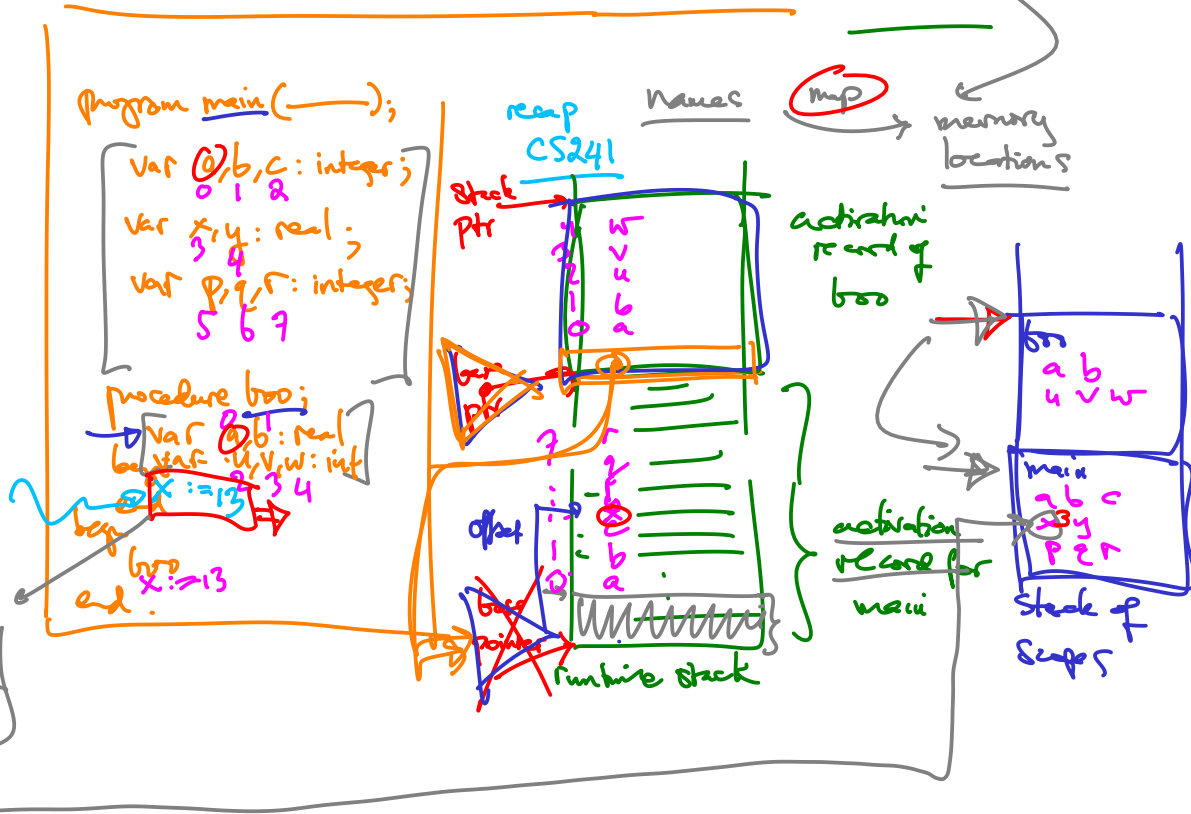

Program main(—);

var a, b, c: integer;  
var x, y: real;  
var p, q, r: integer;

procedure boo;

var a, b: real;  
var x, y, w: int;

begin  
 x := 13;  
end
